

Do you have Multiple Sclerosis?

Participants are needed for a research study to assess the effect of Gilenya (fingolimod) on cognition in patients with Relapsing-Remitting Multiple Sclerosis (RRMS).

To be eligible to participate you must:

- Be between the ages of 18 to 55 years old
- Have relapsing-remitting Multiple Sclerosis for less than 10 years
- Ambulatory (some assisted devices allowed)
- Be taking Gilenya (fingolimod) for RRMS
- Not be pregnant or breast-feeding
- Be medically stable

If you qualify, you will receive:

- Study related cognitive testing and medical care as it relates to the research study
- May be compensated for travel expenses
